- **Other Skills:** Responsive Design, SPA Navigation, Enquiry Form Integration, Report Generation

Experience

Web Developer (MERN Stack)   **March 2025 – Present**
Satara Biochem Pvt. Ltd.   Satara, Maharashtra

- Designed and developed the official company website using React.js and Tailwind CSS to showcase products,services, and enquiry forms.
- Created interactive components including hero sliders, service sections, product and testimonials.
- Developed responsive layouts to ensure optimal performance across all devices.
- Used React Router for smooth navigation between pages.

Projects

Soil Report Generator Dashboard – Frontend
- The system solves the problem of manual soil data analysis and It provides automated nutrient evaluation with clear visual insights using Recharts.
- This helps farmers make data-driven agricultural decisions with confidence and easy-to-understand soil results.

Task Management System
- Developed an offline-ready task management app using React, Tailwind CSS, and Node.js for small teams to organize, assign, and track tasks efficiently.
- Solved the issue of dependency on online tools by seamless task management even low-connectivity environments.
